

Breeders' Cup Stallion Analysis by Racing Surface: Churchill Downs Edition

The following charts list alphabetically all sires of 2011 Breeders' Cup pre-entries. Charts compare the progeny performance records of the sires' starters at Churchill Downs' with the progeny performance records of these same sires on tracks worldwide. The first two charts contain statistics based on racing surface: dirt (excluding all races on synthetic surfaces) and turf. The remaining six charts include statistics based on race distances: **Sprints** refers to all races up to 6½ furlongs; **Extended Sprints** indicates distances between 6½ and 7½ furlongs (inclusive); **The Mile** indicates distances between 7½ and 8½ furlongs (inclusive); **Short Two Turns** indicates distances between 8½ and 9½ furlongs (inclusive); **Middle Distances** refers to distances between 9½ and 10½ furlongs (inclusive); **Routes** refers to all races 10 furlongs and longer. Percentages of winners and stakes winners in each age category, 2-year-olds and 3-year-olds and up, are calculated from the number of starters in each age group. Stallions with previous Breeders' Cup winners have the winning progeny listed below their statistical entries based on track surface or race distance.

Sire	CHURCHILL DOWNS						WORLDWIDE					
	No. 2yo Starters	No. 2yo Wnrs	No. 2yo SWs	No. 3yo+ Starters	No. 3yo+ Wnrs	No. 3yo+ SWs	No. 2yo Starters	No. 2yo Wnrs	No. 2yo SWs	No. 3yo+ Starters	No. 3yo+ Wnrs	No. 3yo+ SWs
