CHAMPIONSHIP SEASONS BEGIN WITH \$300,000 AVERAGE DAILY PURSES!

MAIDEN ALLOWANCE PURSES – \$34,000 • NO PURSES LESS THAN \$13,000

For more than a century, top horsemen have been coming to Oaklawn Park in Hot Springs, Arkansas to kick off seasons of greatness. Oaklawn has been the launching pad for such recent champions as Curlin, Zenyatta, Lawyer Ron, Afleet Alex and Smarty Jones.

Arkansas boasts both a premier racing meet, and a lower cost of doing business for owners and trainers in a beautiful resort community. Thanks to added funds from Electronic Games of Skill and Instant Racing, Oaklawn's live season is still one of the most popular venues in racing, regularly drawing crowds at historic levels.

Stall applications due October 30. Call racing secretary Pat Pope at 1-800-OAKLAWN (1-800-625-5296).

INTRODUCTION

The fourth quarter edition of "National Stakes Conditions" includes North American racing from Oct. 11 onward. This supplement to the Oct. 11 edition of *The Blood-Horse* is published in association with the National Thoroughbred Racing Association and the Thoroughbred Racing Associations, which is responsible for distribution of additional copies to racing offices of TRA member tracks. It is designed as a guide for Thoroughbred owners, trainers, breeders, racing officials, and fans. Published information includes name of race and track; scheduled run date; purse; age, sex, and state-bred restrictions; distance; surface; nominating fee; and closing date for nominations.

The listing by racetracks includes all stakes supplied to *The Blood-Horse*, regardless of purse. Subsequent listings—by age and sex, chronological, and

distance—include only those races valued at \$50,000 and higher, and may include restrictive funds from state incentive programs such as the Kentucky Thoroughbred Development Fund.

Information, as supplied by the racetracks, is believed to be accurate, and every effort has been made to ensure the accuracy of the listings. If occasional errors should occur due to incorrect data received, subsequent changes by tracks, or mistakes in processing, *The Blood-Horse* disclaims responsibility for any consequences of such errors.

The first quarter edition of "National Stakes Conditions for 2009" is scheduled for publication as a supplement to the Jan. 24, 2009, edition of *The Blood-Horse*.

Permanently Disabled Jockey's Fund

The Permanently Disabled Jockeys Fund has been founded to provide a dependable source of support for catastrophically injured riders.

The fundamental premise of the Permanently Disabled Jockeys Fund is all segments of the pari-mutuel industry should step forward to create a stable source of funding for the basic financial needs of this group of unfortunate ex-jockeys.

Racing associations, horsemen's groups, and other wagering operations that rely on Thoroughbred racing are being solicited to join together in establishing a well-structured commitment of annual funding to ensure a modest amount of financial security to the permanently disabled.

If your organization has not been approached for a suggested donation or for additional information or questions, please contact:

15 YEARS OF RESEARCH

Ask about our recent thoroughbred trial!

"I started using Cellarator X in March of 2006, experimenting with a small group of horses. Since that time I have put all of my horses in my care on Cellarator X. I have been very pleased with the results. The horses have better appetite, flesh, hair, and overall health. I believe in Cellarator X and will continue to use it."

TAPETA™ AT PRESQUE ISLE DOWNS

WWW.TAPETAFOOTINGS.COM

"This is a very safe surface."

- Tom M. Amoss

The top 20 trainers started 1787 horses over a 6 month period and reported NO sprained or bowed tendons.

During the six months of training and racing in 2008, the equine ambulance did not have to make ANY runs during morning hours of training.

70% of the trainers rated Tapeta 5 out of 5
30% of the trainers rated Tapeta 4 out of 5

<u>TRACK</u>	<u>DATE</u>	<u>FATALITIES</u>	<u>PER 1000</u>	<u>SOURCE</u>

42 Track Study (dirt)	2006 - 2007	-	2.03	Dr. Mary Scollay
Presque Isle Downs	2008	4	0.70	Jon Moss, PA - HPBA

CLIMATE: Tapeta has performed well in both the cold weather and in the heat of the desert (120° F).

"We love the consistency of the surface - it is as good in the heat and bright sun as it is in heavy rain."

- Hank Gensler, Assistant to Steve M. Asmussen

"One of the best surfaces I have ever raced on, all my horses come back from their races very sound, they eat up and are not stressed out."

- Gerald S. Bennett

"The best track I have ever trained and raced on - the horses come back from their races as well as they went in. We shipped a horse here at the beginning of the meet with a bowed tendon, we have run him 3 times and he has not had a problem."

- Joseph R. Martin

"All tracks in North America should be Tapeta, we would have far fewer accidents."

- Glenn S. Wismer

"The Tapeta surface is outstanding - the best surface I have ever raced on - I wish I was still a jockey."

- Paula Bacon

"The best surface I have ever raced a horse on - I have raced on several dirt and synthetic tracks but Tapeta is the best."

- J. Michael Baird

"Very fair for both speed horses and closers, it was consistent day in and day out throughout the whole meet. Horses rebounded out of their races quicker than normal and we had very few injuries."

- Roger Edwards, Assistant Trainer to Merrill R. Scherer,
 Leading trainer at Presque Isle Downs, 2008

"Come and play!" - Jeff A. Radosevich

"We love the track, it is good all morning long and my horses have finished the meet fresher and sounder than when they came into it."

- Lonnie Arterburn

"I have raced all over the USA. Tapeta is a great surface - the best. It was very effective in preventing bleeders. Horses who had bled elsewhere tended not to bleed on Tapeta."

- Gerald Brooks, Assistant trainer to Scott A. Lake
