# Cherry Picking Yearlings has never been Easier

**A**t Clear Creek Stud, our team has spent countless hours of preparation to bring the very best yearlings to the sales arena, starting with well researched pedigrees, and hands-on management from birth. In the right hands we expect every one of these young athletes to be successful and many should be special. You can see for yourself either with a visit to the farm, or by looking on our website [www.clearcreekstudllc.com](http://www.clearcreekstudllc.com) where we show *photographs* of each, as well as *catalog pedigree pages* for your consideration.

# ***A NEW WAY TO JOIN US ON THE HILL.***

***THE FOAL FUND HAS ARRIVED.*** It is the NTRA' new voluntary funding program designed to include owners and breeders in the association's effort to make a difference on Capitol Hill. Whether you raise one foal or 50, your contribution to The Foal Fund helps build our industry's strength to support the plans you have for each of your foals.

You may have participated in The Jockey Club's Foal Check-off program in past years through foal registration. That program concluded in 2008 and the NTRA has introduced The Foal Fund as its replacement.

Contributions to The Foal Fund begin at \$50 per foal. Join us by making a contribution today!

Visit [www.TheFoalFund.com](http://www.TheFoalFund.com) to participate or contact the NTRA's Barbara Fossum at (800) 792-6872 x616 or [bfossum@ntra.com](mailto:bfossum@ntra.com). E-mail a photo of your foal(s), along with its pedigree, and we'll include it in The Foal Fund Yearbook online.

---

Save with the NTRA Advantage program. Contributors to The Foal Fund are entitled to special savings from companies like John Deere. For information, call NTRA Advantage at (866) 678-4289 or visit [www.NTRAadvantage.com](http://www.NTRAadvantage.com).

# EQUINETREX IS WORTH THE WEIGHT.

The **EquineTrex** system converts the benefits of an automatic exerciser to advanced total conditioning based on sound principles of biomechanics and safety.

Accu-Metrics introduces the **EquineTrex** - a continuously body conforming, soft, pliable, up to 80 lb, saddle-like device. It is tacked on a horse before going on the automatic exerciser.

Your automatic exerciser then becomes a total conditioning program.

The **EquineTrex** instantly adapts and conforms to the horse's dynamic anatomical changes during exercise, and is designed to create maximum aerobic capacity while stimulating bone, muscle, ligament, tendon strength and development. The **EquineTrex** is structured to ensure increased agility and muscle reactivity. It consists of a 60lb saddle-like device with 10lb panels which may be clipped on each side for a total of 80lbs of platform weight.

The **EquineTrex** is enclosed in an anti-bacterial double sheathed, impenetrable, cool-weave covering which can be hosed clean between uses.

*The EquineTrex - Safer than a rider*

The challenge of training is to balance conditioning with minimal risk of injury. Biomechanical studies have shown that the **EquineTrex** system is a safer approach than the use of a rider for early conditioning. Unexpected erratic movements often throw a horse off balance and can induce microscopic soft tissue damage.

The cost of the **EquineTrex** exerciser is \$449, tax included, delivered in North America. For further details and to order visit [www.EquineTrex.com](http://www.EquineTrex.com), or contact us.

# ***WE DON'T HAVE A FIGHTING CHANCE WITHOUT YOUR HELP.***

Contributions from horse racing industry members like you are necessary for the NTRA to work through legislative issues in Washington, D.C. that impact you and your business. As an industry, we could end up in a losing battle without your contribution

*You can help by participating in the NTRA's ¼% Check-off program at any Keeneland, Fasig-Tipton or OBS sale. That's a \$2.50 contribution for every \$1,000 your horse brings at auction.*

With your support, we'll fight to:

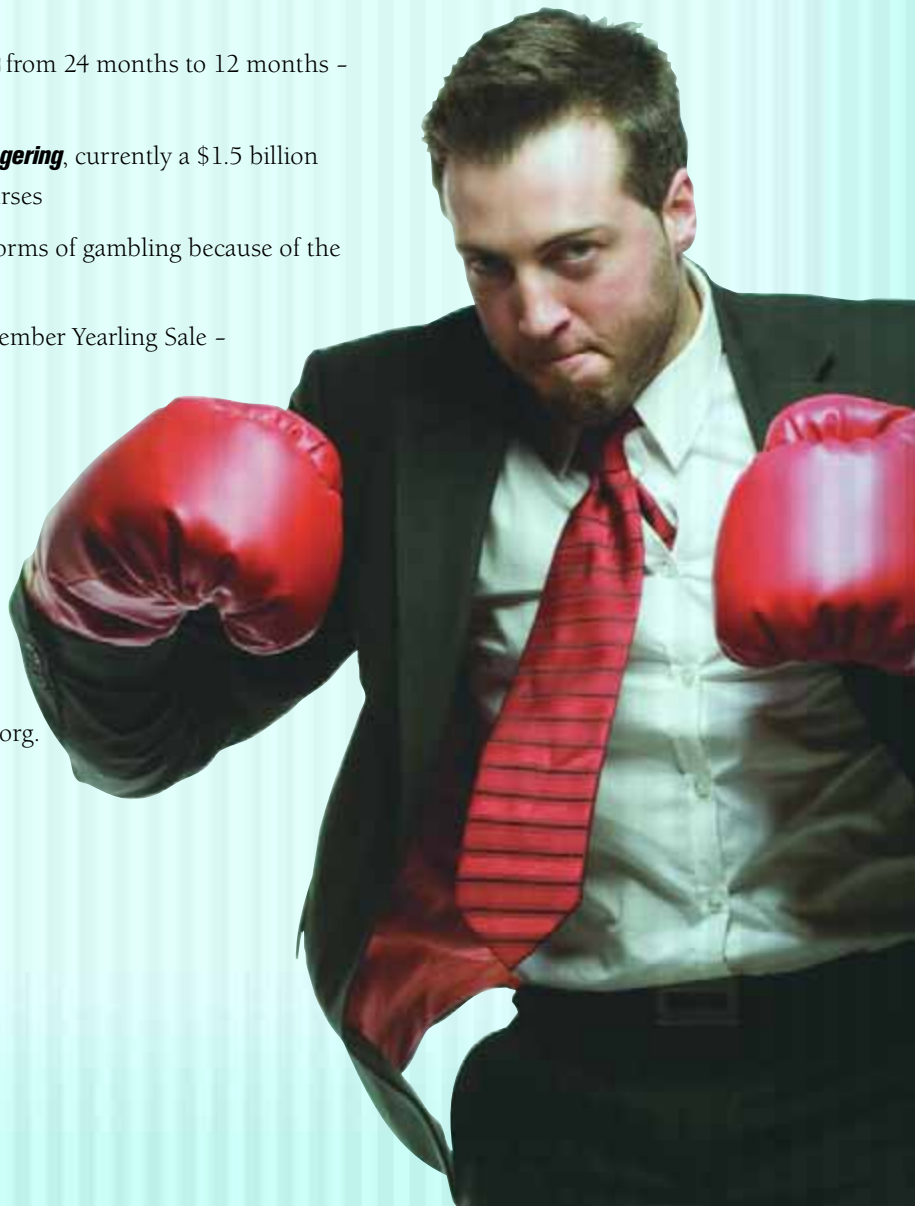

- **Lower the capital gains holding period for horses** from 24 months to 12 months - and keep more owners in the game
- **Protect horse racing's right to conduct online wagering**, currently a \$1.5 billion market that provides up to \$100 million in purses
- **Keep our horseplayers from migrating** to other forms of gambling because of the unfair tax treatment

Please consider participating at the Keeneland September Yearling Sale - the industry needs you in its corner!

### ***Save with the NTRA Advantage program.***

Contributors to the ¼% Check-off program are entitled to special savings. For information, call NTRA Advantage today at (866) 678-4289 or visit [www.NTRAadvantage.com](http://www.NTRAadvantage.com).

For more information, contact Joe Bacigalupo at (800) 792-6872 or visit [www.SupportHorseRacing.org](http://www.SupportHorseRacing.org).

# When The STAKES Are High...

*"I would like to take this opportunity to express my gratitude for the exemplary care given to my horse Bunker Hill while in your care for a respiratory infection. Bunker Hill is not only back to form but he is back full force running 2nd to only Big Drama while defeating 6 stakes winners and 1 Graded Stake winner in the \$250,000 Red Legend on June 20th. The professionalism of the staff and state-of-the-art equipment made this comeback possible. I would gladly recommend your services to any and all who ask!"*

# TURNBOW TRAILERS

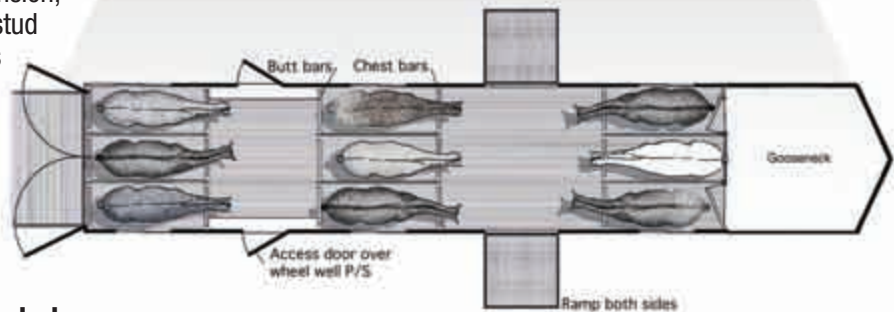

## Turnbow 9 Horse Cross Country Van

This **Turnbow Cross Country Van** comfortably hauls 9 horses.

The conveniently located ramps allow for easy access to any horse at any time! This trailer is available with a wide range of options including but not limited to air ride suspension, dressing room, carriage stalls, stud stalls, stall and a half, box stalls and 8' height.

*We also offer 4, 5, and 6 horse models and custom building.*

..... **Standard features include:**

- All aluminum construction
- All Turnbow Trailers are fully insulated and our reefer roof and direct flow ventilation make them the coolest trailer on the road
- Soft ride floor cushion guarantees your horse the most comfortable ride he's ever had
- Two side ramps and a rear ramp are standard, along with 3 escape doors
- LED light package
- Safety cage construction design makes this trailer safe enough for commercial hauling
