Developed for breeders and bloodstock managers, the TrueNicks Broodmare Analysis Report makes mating decisions easier by evaluating your mare's pedigree and recognizing stallions that return high-ranking nicks.

The TrueNicks Broodmare Analysis Report also:

- Allows you to restrict stallion choices by location and stud fee range
- Easily identifies stallions that match well with your mares
- Returns a full TrueNicks five-cross pedigree report and a list of "best horses bred on the cross" for each hypothetical mating
- Can be used to identify stallions at large, or to help rank your pre-selected list of potential stallions
